I'm not sure that Martha had exact direction for us on Rialto/San Bern tweet, so let's go w/what you propose. That video is great. And proposed quote RT looks good! Thx

Hi Mike and Hilary, I'm just trying to keep things moving as I'll be out from 3 pm until 5 pm today.

Also, on a logistical note – my email on my phone is not working so I won't have email access from 3:00 pm until 5:00 pm while I'm away but I'll check it when I get back. Thank you!

Bonnie

Hi Martha,

In addition to the proposed Exide quote from you for DTSC's press release, can you review this RA quote for a BNSF/Progress Rail company press release on zero-emission rail? The project is supported by an EPA targeted airshed grant:

Hi Martha,

Do you approve the following quote from you for DTSC's press release announcing their Exide NPL request?

Ex. 5 Deliberative Process (DP)

See attached for the draft of DTSC's release. I also note that we'll have a Statement from you go out as an R9 news release, once DTSC makes their announcement.

Thanks,
